Use special finish for a beautifully blended aesthetic.
Achieve a beautifully blended appearance whatever your choice of finish. Options to coordinate your bathroom with a single finish are possible across range. Consider matching brassware, accessories, furniture handles, enclosures, wetrooms and more elements for a sophisticated aesthetic.

NB: Whilst tone and finish are aimed to be as consistent as possible, there may be slight variations due to material and finish type.

Designed for Modern Living.
Crafted to Last.

At the heart of The White Space is a simple idea: bathrooms should be beautifully designed, practical to live with and built to stand the test of time. Our collections bring together contemporary style, considered functionality and dependable quality - without unnecessary complexity.

Aesthetics

Each range is thoughtfully developed to balance clean aesthetics with everyday usability. From furniture and brassware to showering solutions, every product is designed to work seamlessly within the modern home, reflecting current trends while remaining timeless in appeal.

Personalised

With a wide choice of finishes, configurations and styles, The White Space gives you the flexibility to create a bathroom that feels personal and purposeful. Whether you're designing a calm retreat or a statement space, our collections make it easy to achieve a cohesive look with confidence.

Durable

Backed by proven industry expertise, The White Space is designed to deliver lasting comfort, reliable performance and enduring style - creating bathrooms to be enjoyed for years to come.

Douche Kits

The White Space Douche kits offer excellent spray performance and reliable water control. A brass body and stainless-steel hose offer increased performance and durability. Easy to control and comfortable to use, The White Space Douche kits are a great addition to your bathroom.

Features & Benefits

- Brass body and stainless-steel hose for increased durability
- Thermostatic option allowing you to set preferred water temperature (DSK3)
- Anti-twist hose prevents winding and knotting
- Leak-proof hose for performance enhancement
- Easy to clean and maintain
- Quick installation
- 0.7 Bar water pressure
- DSK1 & DSK2 1 year guarantee. For DSK3 10 years on brass valve body, 3 years for cartridges, 1 year for spray head, holder, hose, handles.

Showering

The White Space shower valve collection is designed for a luxurious showering experience. With a choice of modern designs and sleek finishes, you will find the perfect showering solution for your bathroom. Built from durable brass core material for long-lasting performance and supported by a five-year guarantee, you can enjoy your shower with complete confidence.

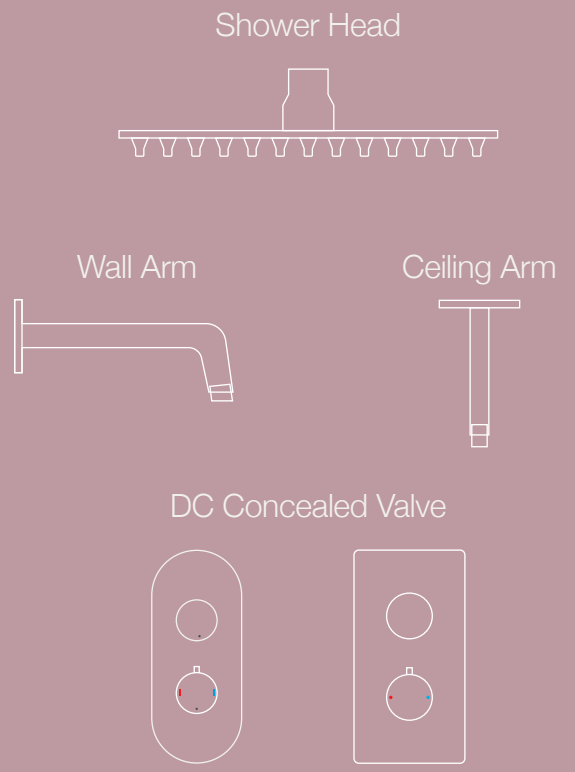

- Built from brass core material for durability
- All handsets are adjustable
- Thermostatically controlled to +/-2 to 3°C even if the water pressure fluctuates
- Temperature safety limiters with override
- Suitable for low pressure water systems
- Available in a variety of modern designs and popular configurations
- Choose from Chrome, Matt Black, Brushed Brass, Brushed Bronze and Gunmetal finishes
- 5yr guarantee

Enclosures

Combining refined design and precision engineering, The White Space shower enclosure collection delivers outstanding performance and value. With an extensive range of sizes and finishes, specification is simple and flexible. Available to suit all budgets, offering high-quality materials, smooth operation, and easy cleaning glass ensures long term satisfaction and peace of mind.

Quality Specifications

- Three price points, 6mm, 8mm and Evolve. Suits different budgets.
- High quality engineering and build for durability and performance.
- Components and moving parts specially designed for quality and long life. Products that will stand the test of everyday use.
- B-Clean EasyClean Glass.
- Premium finish on profiles and metal work such as handles. Perfect for coordination across other brassware in the bathroom.
- Hugely comprehensive ranging and sizing across all collections. A one stop solution.
- Spare part availability. Peace of mind should components need replacing.

853119		T piece for dual fuel installation. Colour finish	£24.00

Redroom valves are all dual fuel compatible providing they use a T Piece provided with the element.

White cap

Chrome cap

All Redroom radiators have the CE mark, having been independently tested in accredited laboratories to EN442 in accordance with CE requirements. This means our published heat output figures are fully in line with the testing criteria. You can therefore specify the size of your radiator with the assurance that your choice will perform as stated, making Redroom radiators the obvious choice.

Do you still want to warm your towels even when the central heating is turned off?

Here's How!

1. Turn off connection to central heating, so the water within the radiator is isolated
2. Switch on Simple Immersion, so your radiator will be heated electrically
3. Enjoy warm towels all year long even when the central heating is off

How to Specify Your Radiator

STEP 1

To start with, you need to find out the heat requirement of the room in Watts. To calculate this as a rough guide, allow 50 watts per cubic metre of the room. You should also consult with a heating engineer for the exact requirement. To change the watts into BTUs, multiply the watt amount by 3.412.

STEP 2

Choose the location of the radiator and figure out any restrictions that could occur, for example height if the radiator is going to be fitted under a window.

STEP 3

Browse through this catalogue and choose the perfect radiator for your dream bathroom. For more information speak to your local retailer or heating engineer.

SECONDARY HEAT SOURCE

Does your radiator meet the room's heat requirement? Depending on the size of your bathroom and type of radiator you want, you may need a secondary heat source. If necessary you can add an extra radiator or underfloor heating to make sure your room is sufficiently heated.

Underfloor Heating

Add luxurious comfort to your home with Redroom underfloor heating.
Perfect for heating all areas of your house, but particularly suited to kitchens and bathrooms.

All mats are installed with a choice of three stylish digital thermostats that have energy saving functions to help reduce heating costs.

Available in a range of sizes, the self-adhesive mesh can easily and quickly be fitted directly onto concrete or insulation boards to provide an even spread of heat.

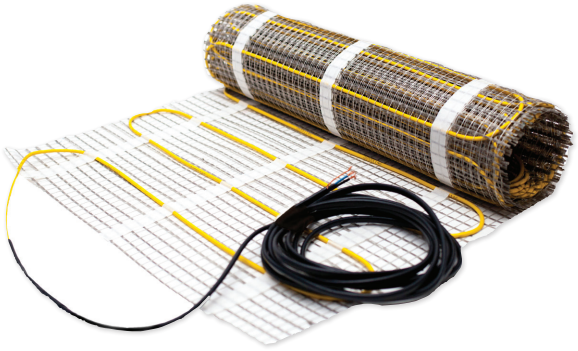

Energy Efficiency

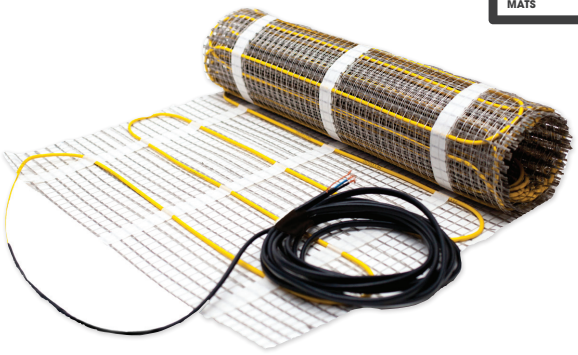

Radiators generate warmth around and above the radiator

Underfloor heating provides the ultimate comfort with heat rising up from the floor where you need it the most

100w Underfloor Heating Mats

Code	Description	Price
UHF1	1.0m² 100W	£90.31
UHF15	1.5m² 150W	£98.21
UHF2	2.0m² 200W	£116.46
UHF25	2.5m² 250W	£138.67

HHF9	9.0m² 1350W	£506.41
HHF10	10m² 1500W	£562.68
HHF12	12m² 1800W	£639.88

Suitable to go directly onto a concrete subfloor or timber subfloor covered with insulation boards. IPX7, 230V, cable thickness 4mm, 500mm width. Each installation requires a thermostat controller.

Heating Mats Features and Benefits

- Suitable for tiles, laminate and wood floors
- Energy efficient
- Produces around 80% less dust
- Self-adhesive
- Saves on space and no exposed pipes
- Quick and easy to install
- Suitable for small and large areas
- 12 year guarantee on mats

Each Underfloor Heating Installation Requires a Thermostat Controller

Turn to page 230 to choose yours

Underfloor Heating Cable & Membrane

Each Underfloor Heating Installation Requires a Thermostat Controller

Turn to page 230 to choose yours

Features and Benefits

- Quick and easy to install and use
- Cost effective
- Space saver - When used as a primary heat source you don't need radiators, freeing up precious wall space
- Ideal for tiled floors. Also suitable for laminate and wood floors
- Designed to secure heating cable as well as act as a decoupling membrane
- Neutralises tensions between substrate and tiles, reducing cracking as the floor settles/ moves
- Fully customisable
- Fit with flexible tile adhesive (not provided) and no levelling compound required

As Easy as 1,2,3

Combining underfloor heating and antifracture mat, this brilliant new product from Redroom could save you significant money and time in fitting. It really is as easy as 1,2,3.

Step 1

Redroom decoupling membrane goes down on the floor.

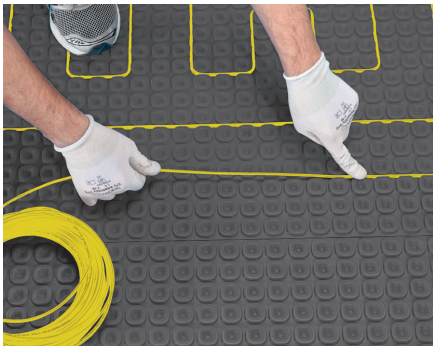

Step 2

Underfloor heating wire is spaced out within the guides on the membrane.

Step 3

It's now ready for tiling. The membrane gives ultimate protection against tiles cracking that may occur due to settling and movement of the substrate underneath.

Time saving is a key benefit with this product, but what's more, the membrane offers a high level of protection against accidental damage plus it gives the installer a template for very accurate and consistent spacing. If you use underfloor heating, this is the product you need in your life.

Decoupling Membrane Rolls

Code	Description	Price
UFMEM1	5m² Membrane Roll	£152.29
UFMEM2	15m² Membrane Roll	£456.86

Polypropylene membrane with rounded square shaped studs that form channels specifically designed to embed and fasten electric heating cables. Suitable to go directly onto a concrete subfloor or timber covering insulating boards.

10 Year Guarantee MEMBRANE

12 Year Guarantee CABLE

Heating Cable for Membrane

Code	Description	Price
UFW1	10m Cable	£149.78
UFW2	20m Cable	£163.79
UFW3	28m Cable	£194.81
UFW4	41m Cable	£240.53
UFW5	50m Cable	£293.50
UFW6	57m Cable	£348.42
UFW7	70m Cable	£354.89
UFW8	81m Cable	£380.51

Reinforced Baths

Our range of durable reinforced baths are strong without compromising design.

- Fibreglass reinforced throughout for rigidity, stability and quality
- Encapsulated baseboard
- Variety of sizes
- Single ended or double ended options
- Super Strong

Freestanding Baths

Our range of freestanding baths add an eye-catching centrepiece to your bathroom.

- Twin Skinned Lucite acrylic, seamlessly bonded into one piece for rigidity, stability and quality
- Encapsulated baseboard
- Supplied with support frame and adjustable feet to compensate for uneven floors
- With a thin contemporary rim you get more inner bathing space for less floor space. This feature gives you uncompromising luxury bathing, whether installing in a large or small space.

Adjustments

All enclosures, wetrooms and bath screens allow adjustments for easy, secure fixing.

The profile is the piece that fixes to the wall and as these profiles have 'adjustments' your enclosure, glass panel or screen can be securely fixed into position, even when walls are not precisely straight or if the thickness of your choice of tiles affects the installation space for your Sommer enclosure.
